This preparation is composed entirely of vegeta bles, among which are Sarsaparilla, Yellow Dock, Noble Pine, Mandrake, and Bloodroot. When the originator lived in New Hampshire, a offstown Course, for the space of chirty or furty miles around, and in Managester particularly, the Humer Dector was well known and highly valued for the numerous and wonderful cures which it ef-Sected. Though manufactured in large quantities, the supply was frequently exhausted, and purchas ers had to wait for more to be made. In that region, some very sovere cases of Erysipelas were treated with, - and they were cured! Erysipelas sores, or carbuncles, -- those ugly, painful ulcers, -- were entirely removed wherever this medicing was falthfully used. So it was with Scrofuls and Salt-Rheum. The Humor Doctor cured them. It is free from any dangerous drugs, is pleasant to
